IMAGE INSTRUCTIONS – PLEASE READ CAREFULLY.

Image sizes and format.

You need to include a CD of high quality professional images of your work.
Your images must be in .jpg format.
Your images should be rotated to view correctly when opened.

Because there are so many ways of describing an image file, you can use this chart as a rule of thumb. For this application, your images should be:

minimum	maximum
1000 pixels by 1000 pixels	2000 pixels by 2000 pixels
72 dpi	300 dpi
6 inches	12 inches
800 KB file size	3MB file size

As long as your image files fall in to this range, they are acceptable. These images will be viewed by the jurors on a regular computer screen, so they do not need to be high resolution or print-quality files.

Each individual image file must be labeled by the title of the piece.

For example: stormcloud.jpg stormcloudDetail.jpg
You may abbreviate. If your pieces is called “Variations on Theme of Smoky Blue”, you can label your image “VariationsBlue.jpg”.

Complete the Image List (Page 5).

Digital File Name - The first column of the image list should be filled in with the filename that appears on the CD. For example: stormcloud.jpg

What is it? – A brief (1-2 words) description of what the juror is looking at: quilt, scarf, vase, vessel, necklace etc.

Title of Work – The title of this piece.

Date – The year this piece was completed. Work shown should be primarily from the last 5 years.

Medium – What is it made from? Wool, silk, paper, wire, handdyed cotton etc.

Technique – How is it done? Knitted, felted, handdyed, embroidered, etc.

Dimensions – Length, width and height of the piece.

Your images will be presented to the jury panel in the order they are listed on the IMAGE LIST page. (The order of the files saved on your CD is not important.)
